## ABOUT ME

I'm a Digital Media major with a focus in user-centered design, accessibility, and user experience research. I've designed and implemented a live website for a martial arts studio and collaborated on a chore-tracking mobile app as part of a five-member UX project team. I'm interested in entry-level UX/UI design and research roles.

---

## EDUCATION

### Digital Media—Web Design Track

University of Central Florida  
2022-2026

## UX/UI PROJECT HIGHLIGHTS

### Martial Arts Studio Website — UX/UI

Designer & WordPress Developer

2025

- Designed and implemented a responsive website for a local martial arts studio
- Conducted content restructuring to improve clarity of programs and services
- Created high-fidelity Figma prototypes and implemented design using WordPress

### Chore-Tracking App (Team Project) — UX

Designer, Market Strategizer

2026

- Collaborated in a five-member team to design a chore-tracking mobile application
- Contributed to user flows, wireframes, and high-fidelity Figma prototypes
- Participated in ideation sessions and usability-focused design decisions
- Helped design task submission, voting, and messaging features
- Worked within a shared design system to maintain visual consistency

## WORK EXPERIENCE

### United Tiger Martial Arts—After-School Program Assistant

Oct 2024 – June 2025

- Supported students during academic and physical activities, adapting communication styles to different ages and needs
- Observed behavior patterns to anticipate issues and improve group flow
- Assisted instructors in coordinating transitions between activities
- Helped create a structured, safe, and engaging environment

### Chili's — Food Runner

May 2022 – June 2024

- Coordinated between kitchen and front-of-house teams to ensure accurate and timely service
- Developed strong communication and multitasking skills in a fast-paced environment
- Anticipated guest needs and resolved issues quickly

### Chili's — Host

Jan 2022 – May 2022

- Managed guest flow and wait times to balance restaurant capacity
- Communicated clearly with guests and staff to maintain a smooth experience
- Handled high-pressure situations with professionalism

## RELEVANT COURSEWORK

- User-Centered Design
  - Front-End Design
  - Design for Accessibility and Engagement
- 

## KEY SKILLS

### Design

- Figma
- Wireframing
- Prototyping
- User flows

### Front-End

- HTML
- CSS
- JavaScript

### Research & Collaboration

- Usability-focused design
- Team collaboration
- Iterative design process
